4.1 Financial Policy

The Ontario Sheep Farmers' (OSF's) financial management requirements and investment activities are governed by OSF's By-Law No. 1 and Regulation 400 By-Laws for Local Boards under the Farm Products Marketing Act. The Farm Products Marketing Commission (FPMC) gives guidance on reserves and allowed expenditures.

1. **Roles and Responsibility:** The Finance Committee has the primary responsibility to review auditing services, perform reviews of the organization's financial activities, oversee the annual budget development, and determine the allocation of investment deposits. The Finance Committee will meet regularly to address the above responsibilities and report its' findings to the Board. The Executive Director is responsible for administering the agreed policies and ensuring that procedures comply.
2. **Administration:** Financial duties and responsibilities are to be structured so that no one person has sole control over receipts, disbursements, payroll, reconciliation of bank accounts, or any critical accounting function without secondary scrutiny. Proper accounting system practices are to be used to accurately record financial transactions and maintain financial history. Reasonable logical and physical security will be used to ensure the integrity of retained accounting and payment records. The Executive Director and Finance Committee has access to accounting and operational record storage files when needed.
3. **Financial Statements:** The Executive Director will provide the Finance Committee and Board with monthly financial reports that include the balance sheet, profit and loss statement, and comparative prior-year profit and loss position. Other reports may be requested by the Finance Committee or Board.

A financial statement audit will be done within 3 months of a fiscal year-end. A report on the status of the Agency finances shall be provided based on the accounts examined and for every balance sheet presented at a general meeting.

4. **Banking services:** The Ontario Sheep Farmers will maintain its banking services with a chartered bank supervised by the Office of the Superintendent of Financial Institutions Canada or a credit union supervised by the Financial Services Commission of Ontario and Deposit Insurance Corporation of Ontario. Consideration will be given to institutions which provide the most appropriate low cost-effective services.

With continued traditional collection and cheque payment systems, OSF will pursue online electronic payment processes that embed proper authorization controls to improve the segregation of duties and enhance audit trails. Options will be explored to improve the collection of funds by electronic web, credit card and wire processes.

5. **Budgets:** The fiscal year is September 1 through August 31. The annual budget is presented to the Finance Committee by the Executive Director, for discussion. Once the Finance Committee is satisfied with the budget it recommends it to the Board for approval prior to the beginning of the fiscal year. Members review a new budget at the annual general meeting and approve by vote. The budget is compared to the monthly financial statements to monitor actual results and projected

annual results. Expense variances are reviewed by the Board and discussed if necessary during financial statement reviews. The Executive Director will review any material planned changes from budgeted expenditure levels during the year with the Finance Committee and Board.

6. **Funded Operating Reserve and Surplus Fund Investments:** Prior to each year-end, the Executive Director will review the OSF funded operating reserve to ensure compliance with FPMC guidance. The Finance Committee and Board will approve the proposed reserve balance based on the budget agreed for the next fiscal year.

Surplus fund investment options are limited by OSF By-law #1 and Regulation #400. Though conservative investment options are defined, finance industry products can offer different liquidity and return options. On investment renewal, the market options will be reviewed regularly by the Finance Committee to optimize investment return and mitigate future economic, regulatory and organization viability risks.

7. **Bank accounts:** Separate bank accounts are maintained for chequing and daily savings. The chequing account maintains sufficient funds to meet all required expenditures, which will generally be kept at a \$25,000 float. The daily savings account is used to hold excess cash funds. Authorized staff will manage fund transfers between the accounts to optimize potential interest earnings.
8. **Segregation of Duties:** Whenever possible, persons receiving and processing the deposit are not the person recording the deposit. Procedures will ensure that no one person can record, process and approve financial payments without secondary monitoring via bank reconciliation and asset review. No one can approve or release a payment, and not one which is payable to themselves or to related parties and organizations where there may be a perceived conflict of interest.
9. **Personal and Board expenses:** All personal expenses considered for reimbursement must be incurred while performing recognized organization business and be submitted on a proper expense report with valid supporting documentation. Staff expenses are to be approved by the Executive Director. The Executive Director's expenses shall be approved by the Chair or Vice-Chair.

Board expenses must be submitted on an approved report template with proper support documentation and be approved by the Chair or Vice-Chair. The expense reports of the Chair or Vice-Chair must be approved by the alternate party.

10. **Signing Authority Responsibility:** The responsibility of the bank signing authorities is to ensure that expenditures are appropriate and required for OSF operations, and to identify where there may be a potential or perceived conflict of interest for expenditures.

Before payment approval/release, all expenses payable will be reviewed by the Executive Director to ensure that each invoice is valid, that goods or services were received, and that sufficient funds are available for payment.

11. **Payment Approvers/Signatories:** The Board designates approved payment signatories. The release of a payment (by cheque signature or online electronic release authorization) requires two approvers from the Executive Director (up to \$3,000 and up to \$25,000 for Yield More Financing transfer), 1st Vice-Chair or Chair positions. The approver of a payment cannot record an invoice for payment.

12. **Company Credit Cards:** The Board authorizes the use of two VISA credits with aggregated credit of \$15,000 for board and operational expenses. The cards are to be used for OSF business purposes only and held by the Executive Director and one staff person who does not manage credit card reconciliation or payment. All expenses must be supported by proper receipts. All expenses are to be matched to backup invoice. Improper card use will result in the removal of the card.

13. **Commitment Approval Limits:**

The Executive Director may commit to and approve expenditures up to \$3,000 without prior authorization, and up to \$5,000 with prior authorization of the Chair or Vice-Chair.

The Executive Director may grant authority for staff to have online transaction and phone communication with payroll, HST and corporate tax agencies. Disbursements and official responses must require two official approvers (as per section 11).

Otherwise, only the Chair and Vice-Chair positions can:

- a. execute any agreement relating to any banking business and define the rights and powers of the parties thereto, and
- b. authorize any office of the bank to do any act or thing on the Agency's behalf to facilitate its banking business.

District Financial Reports

Each district is required to provide a yearly update of its fiscal financial report in November. The Finance Committee will review the stewardship of funds managed by each district.

Last revised and authorized by the Board: February 10, 2021

4.2 Board Attendance Policy

This policy is intended to support the full contribution of all Board Directors to the activities of the Ontario Sheep Farmers (OSF). All Board Directors receive a copy of this official policy which is maintained in each Director's Governance Manual.

Definition of a Board Attendance Problem

A Board attendance problem occurs if any of the following conditions exist regarding a Board Director's attendance at Board or committee meetings:

1. The Director has two un-notified absences in a row ("un-notified" means the Director did not provide prior notice to the Chair, Executive Director of the Agency that they would be absent from an upcoming meeting).
2. The Director has three notified absences in a row.

Suggested Response to a Board Attendance Problem

1. If a Board attendance problem exists regarding a Director, the Board Chair will promptly contact the Director to discuss the problem. The Director's response will be shared by the Chair with the Board of Directors.
2. The Board will decide what actions to take regarding the Director's membership on the Board. If the Board determines that further action is required, the relevant District Committee will be contacted regarding the failure of their elected Director to attend OSF Board meetings on a regular basis.
3. If the Director is unable or unwilling to complete his/her term on the Board, the Chair will request a letter of resignation from the Director to be received within two weeks. The Chair will also request the Director to return their Governance Manual to OSF or ensure it is destroyed.
4. Upon receipt of the written notice of resignation from the Director, the Executive Director will notify the District Sheep Committee in writing of the resignation and follow-up with the District to confirm receipt.
5. If a director is asked to resign and refuses, the Board may follow the director removal process outlined in OSF By-Law 1.
6. Replacement of a Director must be done in accordance with Regulation 430 and OSF Governance policy 4-33.

4.3 Board to Staff Communications Policy

Communications is a vital ingredient to the success of the Ontario Sheep Farmers (OSF) both at the Board and staff levels as well as between the Board and OSF staff. Communication between Directors is encouraged as well as communication with staff. However, the proper communication channels must be adhered to.

1. The Chair is the only Board representative to communicate directly with the Executive Director on issues regarding Board direction and human resources as well as other confidential and/or sensitive topics. The Board, as a collective, speaks through the Chair in order to provide a unified voice.
2. At no time does the Chair instruct the Executive Director on how to handle day-to-day OSF operations or staffing issues unless requested by the Executive Director or directed to do so by a motion of the Board.
3. The Chairs of OSF Committees have the right to communicate with the Executive Director directly on issues relating to their committee only. In certain cases, Committee Chairs may communicate directly with other OSF staff in order to further the business that is being conducted.
4. Any communication between committees and OSF staff must be channelled through the Committee Chair to the Executive Director and it may be prudent to briefly inform the Chair of the Board of any communication, e.g. copying the Chair on e-mail correspondence.
5. Directors not functioning in a capacity listed above, shall not direct the Executive Director or other OSF staff on any OSF-related issue other than District matters and personal sheep production inquiries. If a Director is in doubt regarding the appropriateness of a request, he/she should contact the Chair.

4.4 Board Meeting Policy

The Ontario Sheep Farmers (OSF) is committed to ensuring open communication between producers and the Board. To this end, OSF shall notify producers of all its regularly scheduled Board meetings in Sheep News, on the OSF website, or other means deemed appropriate (e.g. the Messenger).

1. All Board meetings are held in closed session; Directors, and the Executive Director attend. The Board may at its discretion open portions of its meetings to staff and other individuals to provide information in their subject area and/or input on matters before the Board.
2. When the OSF Board receives a resolution passed by a District Committee, the Board shall duly consider that resolution at the next meeting of the Board. Any decision taken with respect to such resolution shall be communicated to the District Committee.
3. Special or Emergency Board meetings may be called from time to time to deal with issues on a timelier basis than waiting until the next regular Board meeting. Such meeting can be called by the Chair, 1st Vice-Chair, 2nd Vice-Chair or any two Directors.
4. Regular Board meetings are scheduled at least 30 days before the meeting. Meeting dates, times and location are decided by the Board.
5. Notice of Board meetings will be provided in writing by mail, e-mail or fax based on the most recent contact information recorded for each Director at least 14 days in advance of the meeting date.
6. Discussion involving personnel, specific people, property, financial or legal matters, shall be held in-camera. In camera sessions will not include directors participating in the meeting via teleconference. Use of electronic communications devices is strictly prohibited. Should an electronic communications device be required to support the discussion, the Board may agree to its use. Recording in camera sessions is not allowed.
7. A proposed Board meeting agenda will be prepared by the Chair in consultation with the Executive Director. The deadline for the submission of agenda items will be 14 days prior to the scheduled Board meeting date.
8. The board may use a consent agenda to group routine business and reports into one agenda item to expedite reporting at board meetings and increase productive meeting time. A single motion to approve the consent agenda approves all items within the consent agenda. Items that can be included in the consent agenda are board minutes, internal committee meeting minutes, external meeting reports and correspondence. A document included in the consent agenda will be moved to the board agenda for discussion at the request of a board member.
9. A declaration by the Chair that a motion has been carried or lost, and recorded as such in the minutes, is conclusive evidence of the passing or failing of the motion, without proof of the number of proportion of votes recorded in favour of or against the motion.
10. Any Director may request a recorded vote whereby the official minutes will report the name of the Director requesting the recorded vote and the votes in favour and against the motion reported by District number. Any Director may also request a secret ballot on any vote. Votes of this nature should be conducted by the Secretary. The results will be reported by the Chair.

11. The Chair may also call for a vote by fax or e-mail when decisions need to be made between Board meetings. The same procedure will be followed for votes by this method as with those conducted during face-to-face meetings or when using electronic communications such as conference calls and web conferences. A motion must be duly moved and seconded and an opportunity provided for comments or clarification before calling the vote. Timelines will be dependent upon the requirement of the decision and will be communicated with the call for voting on the motion. The result of the motion and vote will be reported at the next regularly scheduled Board meeting and duly recorded in the minutes.
12. The Chair, Vice-Chair, individual Directors or committees do not have the authority to make decisions on behalf of the Board.

4.5 Business Travel and Expenses Policy

Ontario Sheep Farmers (OSF) Directors, committee members, and Board designees are compensated for some of the costs associated with their activities conducted on behalf of OSF. Regrettably, OSF does not fully compensate Directors, committee members and Board designees for all costs or lost opportunities; there is a volunteer component to the position of Provincial Director and those serving on committees or other Board designated roles.

1. Reasonable travel costs incurred while carrying out Board responsibilities for OSF shall be reimbursed. Eligible expenses must include receipts.
2. All claims for reimbursement of monies expended by a director, committee member or Board designee on OSF business must be submitted in writing, on the official expense reporting form of the OSF, including receipts substantiating the claim to the Chair, 1st Vice Chair or 2nd Vice Chair in the absence of the Chair, for approval. Chair's expense for will be approved by the 1st Vice Chair.
3. The Director, committee member or Board designee has the responsibility to ensure that all travel arrangements are fair and reasonable.
4. Travel by car may be necessary to efficiently conduct the business of OSF. The use by Directors, committee members or Board designees of their personal vehicle is to be reimbursed at the kilometric rate of \$0.68/km up to 5,000 kms, then \$0.62 afterward (as of September, 2023). This rate reimburses Directors, committee members and Board designees for the cost of gas, maintenance, depreciation, insurance, and deductibles. Mileage is calculated based on the actual number of kilometers travelled that day on OSF business. If it is less costly and convenient, OSF representatives are strongly encouraged to use other methods of transportation such as traveling with another Director, committee member or OSF representative, renting a vehicle, air travel, etc. to assist in controlling expenses.
5. OSF does not assume any responsibility in case of accident, fines or penalties related to parking or traffic violations incurred by the Director, committee member or Board designee.
6. Directors, committee members and Board designees are responsible for ensuring their personal vehicle insurance coverage applies to any incidents, which may occur when driving their vehicle on business related travel.
7. Whether driving their personal vehicle or vehicles belonging, rented or leased to OSF, Directors, committee members and Board designees are to adhere to the rules and regulations governing the operation of a vehicle on public roadways and operate the vehicle in a responsible and controlled manner.
8. A vehicle while on OSF business (in the case of an OSF-owned or leased vehicle), shall only be used for OSF business purpose, personal use may result in disciplinary action being taken, up to and including the loss of the Director's, committee member's or Board designee's rights and privileges related to the Board.

9. All expenses must be submitted with 15 days of OSF's fiscal year end (currently August 31st). Failure to do so will require an explanation to the Board as to why expenses were not submitted. A Board motion to have expenses paid will be required in such instances.
10. Refer to the Per Diems and Honorariums Policy for compensation of Directors', committee members' and Board designees' time.
11. This policy is periodically reviewed and amended by the Board as required.

4.7 Communications Policy

The communications policy of the Ontario Sheep Farmers (OSF) ensures that communications are well coordinated, effectively managed, and respond to the diverse information needs of producers, stakeholders, government, industry, and the media.

OSF will only circulate and advertise communication pieces that contain information that is helpful to our members and not contrary to the organizational mandate

Producer communications

1. OSF staff will handle all routine producer inquiries and requests for information. Staff will reply to inquiries about policy or position nature by informing producers of the official OSF policies and positions as approved by the board.
2. Producers will be urged to present their concerns in writing to their district committee and provincial director.
3. District committees can send resolutions regarding significant policy concerns to the board at any time during the year.
4. Producers wishing to lodge complaints directly with the board of directors must do so in writing and address their communication to the Chair, 1st Vice-Chair or 2nd Vice-Chair of the board.
5. Complaints brought forward will be addressed on a case-by-case basis.

Media relations

The goal is to facilitate and encourage open and positive relationships between OSF and media while ensuring that all communications result in an accurate and appropriate portrayal of OSF's activities.

In the interest of orderly, consistent management of information released to the media, the following policy applies to the Board of Directors:

1. The Executive Director and Communications Co-ordinator can answer inquiries from media professionals regarding OSF, its board of directors, and industry issues. Media inquiries should be directed to the Chair, Executive Director, or Communications Coordinator who will consult and decide who the appropriate spokesperson should be before a response is made.

4.8 Conflict of Interest Policy

Directors of the Ontario Sheep Farmers (OSF) are expected to conduct themselves with personal integrity, ethics, honesty, and diligence in performing their duties for the organization. Directors are required to support and advance the interests of the organization and avoid placing themselves in situations where their personal interests actually or potentially conflict with the interests of the organization.

This policy applies to all Directors but is particularly relevant to Directors who can make or influence business or management decisions of OSF. It is the responsibility of the Director to understand and comply with the Conflict-of-Interest Policy.

Definition

A conflict of interest refers to a situation in which private interests or personal considerations may affect a Director's judgment in acting in the best interest of OSF. It includes using a Director's position, confidential information or corporate time, material or facilities for private gain or advancement or the expectation of private gain or advancement. A conflict may occur when an interest benefits any member of the Director's family, friends, or business associates.

A conflict situation can arise when:

- a) A member takes actions or has interests that may make it difficult to perform his or her work for or on behalf of OSF objectively and effectively
- b) A member or a member of his or her immediate family receives personal benefits because of his or her position with OSF, whether received from OSF or a third party. Family members include a spouse, child, stepchild, parent, sibling, niece, nephew, aunt, uncle, cousin, grandparent, grandchild, in-law or any person (other than a domestic employee)
- c) A member is a party to a material contract or proposed material contract with OSF; or
- d) A member is an officer or director of; or has a material interest in; or is an associate of any person who is a party to a material contract or proposed material contract with OSF.

A member's interest does not constitute a conflict with the interests of OSF if:

- a) The matter in question serves to impact the Ontario sheep industry as a whole
- b) The member's interest is common to the general Ontario sheep industry population; or
- c) The member's interest is so insignificant or remote in nature that it could not reasonably be regarded as likely to influence the member in the exercise of their responsibilities.

Duty to Disclose: Declaration Timing

Full disclosure of all actual, perceived, and potential conflicts of interests shall be disclosed by directors, and committee representatives to the chair of the board, committee, at the earliest of:

- a) the first meeting at which the matter in question is being considered or discussed
at the first meeting after the matter in question was considered or discussed but where the member was absent
- b) at the first meeting after which the member becomes so interested; or
- c) being so interested, at the first meeting after assuming the office of director, Advisory Councilor and/or committee representative.

Duty to Disclose: Declared a Conflict of Interest

Members that have declared a conflict of interest shall not:

- take part in the discussion of, or vote on any question in respect to the matter
- attempt in any way, before, during or after the meeting to influence the voting on any such question

A member that has declared a conflict of interest may, under rare and unique circumstances, be permitted by the chair or acting chair, with majority support of the members present at the meeting, to take part in the discussion dealing with the matter in question if:

- the member possesses critical knowledge or technical expertise directly relevant to the matter in question that can be freely shared without breaching privilege or any other fiduciary responsibility the member may have.

Interested members invited to participate in discussions for which they have declared a conflict are not permitted to vote on any question in respect to the matter and must not attempt to influence the voting on any such question. The chair or acting chair *may* request that the member leave the meeting at any point during the discussion on the matter in question. In addition, the interested member shall not be present during any vote on any question in respect to the matter.

Recorded Declarations

All board, committee, and advisory council meetings shall include a conflict-of-interest agenda item placed at the beginning of each meeting agenda so that all conflicts of interest can be disclosed and recorded in the meeting's official minutes. The interested member(s) shall not be counted in the quorum for the portion of the meeting dealing with the matter in question.

Duty to Self-Govern

The onus to declare conflicts of interest rests with each individual member. It is not the responsibility of the chair, the board, or any employee to determine whether a member has any conflicts of interest that should be disclosed.

Dispute Resolution

In-Meeting Dispute

If, prior to the start of a discussion on a matter in which a member has reasonable grounds to believe a fellow member should have declared a conflict and who believes in good faith that the member in question should be removed from discussion the member raising the issue can ask the chair for a vote to determine whether the member in question should be allowed to participate in the matter in question. Both the member that raised the issue and the member in question shall be provided an opportunity to speak to the perceived conflict prior to a vote. The member in question may:

- a) Declare a conflict; or
- b) Declare that no conflict, in their opinion, exists that would interfere or conflict in any way (or even appear to interfere or conflict) with the interests of OSF, or otherwise be harmful

or detrimental to the best interests of OSF.

If the member in question does not believe they are in conflict the chair shall call for a vote from the remaining members to determine whether the member in question shall be allowed to participate in the matter in question.

The following process shall be used to determine whether a member in question shall be removed from participating in the matter in question:

- The majority of members present must support the motion to remove the member in question from participating in the matter in question
- The member that raised the issue as well as the member in question shall not vote; and
- The vote shall be conducted by secret ballot

Post Meeting Dispute

If a member has reasonable grounds to believe that another member failed to disclose a conflict of interest, such member shall notify the Executive Director, who shall inform the member in question of the basis for such belief and afford the member the opportunity to explain to the Governance Committee the alleged failure to disclose.

If the Governance Committee determines that the member in question has failed to disclose a conflict of interest, after hearing the response of the member in question and making such further investigation as may be warranted in the circumstances, the Committee shall recommend an appropriate action to Board of Directors, which may include recommending removal from the board, committee or Advisory Council in a manner prescribed under Section 4.6 of the OSF Constitution.

Questions for Elected Officials to Consider

The following questions may help members decide if they are in a real or perceived conflict of interest:

- Have I reflected on or consulted with the Executive Director about whether I am compromising the OSF Conflict of Interest Policy?
- Have I considered the issue from a legal perspective?
- Have I investigated whether my behaviour aligns with a policy or administrative procedure of OSF?
- Could my private interests or relationships be viewed as impairing my objectivity?
- Could my decision or action be viewed as resulting in personal gain, financial or otherwise?
- Could my decisions or actions be perceived as granting or receiving preferential treatment?

4.9 Confidentiality Policy

During Board of Directors' business, Ontario Sheep Farmers (OSF) will disclose certain confidential and proprietary information to Directors, Committee members and Board designees. Confidential information may include print material, data, manuals, business plans, marketing plans, survey results, financial information, technology, and other information disclosed or submitted, orally, in writing, or by any other media.

1. Directors, Committee members and Board designees agree that confidential information is to be considered confidential and proprietary to OSF and shall not use the information other than for the purposes of their role and responsibilities with the Agency, and shall disclose it only to its officers, other Directors, or employees with a specific need to know. Directors, Committee members and Board designees will sign a confidentiality agreement and will not disclose, publish or otherwise reveal any of the confidential information received from OSF to any other party whatsoever except with the specific prior written authorization from the Chair or Executive Director of the Agency.
2. Confidential information shall not be duplicated by Directors, Committee members and Board designees except for purposes related to Board functions. Upon the request of OSF, the Directors, Committee members and Board designees shall return or destroy all documents, papers and other materials, regardless of medium, which may contain confidential information, within ten (10) days of such request.
3. At the Board's option, any documents or other media developed by the Director, Committee member or Board designee in question containing confidential information may be destroyed by the individual. The Director, Committee member or Board designee shall provide a written notification to OSF regarding destruction within ten (10) days thereafter. This also applies to the OSF Governance Manual in its entirety.
4. It is expected that board and committee members will not use trade secrets, producer lists, or other confidential information acquired by virtue of being on the board or committee, even after they complete their service with the OSF.
5. The obligation not to disclose shall not be affected by bankruptcy, receivership, assignment, attachment or seizure procedures.
6. Confidential Information does not include information:
which a Director, Committee member or Board designee can demonstrate was previously known;
that is obtained from a third party not in breach of obligations of confidence; which is publicly known without breach of this Agreement or similar agreements; or the disclosure of which is required to be made by any law, provided that before disclosure is made, notice of the requirement is provided to the Chair or Executive Director, and to the extent reasonably possible in the circumstances such that OSF is afforded an opportunity to dispute the requirement.

4.10 Directors and Officers Insurance and Risk Management Policy

As a Board member of the Ontario Sheep Farmers (OSF), Directors have certain duties and responsibilities relating to insurance, due diligence and risk management. Directors should understand the Agency's risks and liabilities, and how these are being reduced or eliminated through risk management activities or addressed through insurance coverage.

Under Canadian legislation, Board members have two basic duties:

Duty to Manage: manage, or supervise the management of, the business and affairs of a corporation

Fiduciary Duty: act honestly and in good faith with a view to the best interests of the corporation

Duty of Care: exercise the care, diligence and skill that a reasonably prudent individual would exercise in comparable circumstances

1. By "indemnifying" Board members in the Agency's By-laws, OSF agrees to pay the costs associated with a valid claim related to a Director's service on the Board.
2. While indemnification helps protect Board members, OSF will also maintain a Directors' and Officers' Liability Policy with a minimum \$2 million liability limit to cover alleged wrongful acts that result in financial loss to the claimant.
3. OSF will also maintain a General Liability Insurance Policy to protect the organization against third party legal liability related to property damage or bodily harm, such as injuries sustained as a result of OSF's programs or services, or damage to property that OSF does not own or rent. The minimum single occurrence coverage maintained will be \$2 million with a \$5 million general aggregate. The policy will cover Directors and employees while they are acting in the scope of their duties with OSF.
4. As part of its due diligence process, the Board of Directors will also conduct an annual assessment of OSF's risk management and insurance activities including but not limited to:
 - documenting and assessing the risks and liabilities connected to the operations of OSF;
 - reviewing the measures undertaken to reduce or eliminate the risk; and
 - evaluating whether existing insurance coverage is appropriate to protect against financial loss in all areas of OSF's operations.
5. Directors who drive during their duties should ensure that their personal automobile insurance coverage offers full protection for their activities.

This grant is subject to the following accountability guidelines:

- all grants must be deposited into a bank account registered in the name of the District;
- appropriate accounting for the funds must be submitted to OSF head office at the end of each fiscal year (August 31st);
- appropriate accounting includes a financial statement summary listing each type of revenue and expenses plus opening and closing bank balances;
- the District financial statement must be verified by an independent financially experienced third party (e.g. a sheep producer who is experienced with accounting and not on the District Executive); and,
- Districts are expected to use their operating grant each year.

2. Provincial Director's Discretionary Promotion and Education Grant

All Provincial Directors are eligible for an annual grant of up to \$500 to be used in their District for:

- District or regional producer education;

All such projects must receive prior approval from the appropriate Provincial Director.

The Provincial Director must submit the accounts either before or after the project is completed to OSF head office indicating that the project has been approved by them and with a brief explanation of the project.

When a Provincial Director is not re-elected at their District AGM, they are not entitled to spend the Discretionary Promotion and Education Grant for the new fiscal year beginning September 1st. The grant may only be used by the newly elected Provincial Director once they assume the role of Provincial Director after the OSF AGM.

3. Special District Grant

Districts are encouraged to submit written requests to the Board for funding above the \$1,000 allocated to each District.

At any time, a District may apply to the OSF Board of Directors for a "Special Grant" to fund an activity in their District or region. The Board will consider all requests on a case-by-case basis. The request must be received on a timely basis, include a comprehensive explanation of the project objectives and a detailed budget proposal.

A detailed activity and financial report is required upon the completion of the project.

This “Special Grant” does not affect the District’s eligibility for either the District Grant or the Director’s Grant.

4.12 Guidelines for Evaluating Board

The Board of Directors of the Ontario Sheep Farmers (OSF) is ultimately responsible for the performance of the Agency in all areas of its work and ensure that OSF follows all By-laws, Regulations and other legislation.

A regular process of evaluating the Board's performance can help to identify strengths and weaknesses of its processes and procedures and to provide insights for strengthening the conduct of Board and committee meetings, and interactions between the Board and the Executive Director .

1. In order to evaluate the quality of their Board operations, the Directors will annually conduct a self-evaluation of the Board. The assessment can be used by all Board members and the Executive Director to get an impression of how well the Board is doing at fulfilling its mandate and striving to achieve the identified goals and objectives of the Agency.
2. A sample evaluation form is shown on the following page, other versions are available. Each Board Director and the Executive Director should complete the form about four weeks before a Board retreat or planning session. Members attach suggestions about how the Board could get higher ratings for any or all of the following 14 considerations.
3. Ideally, someone outside the organization receives the completed forms, collates the results and writes a report indicating the number of respondents who rated the Board for each of the 14 considerations.
4. At the subsequent Board meeting, the results will be discussed and appropriate actions, if any, identified.
5. Directors will also be requested to complete a feedback form after each Board meeting to assess the effectiveness of the scheduled agenda items and related discussion in addressing OSF business and ensuring all perspectives were heard and duly considered. The completed forms will be submitted to the Executive Director . A sample feedback form is included on page 60.

4.18 Procedure for Holding a Hearing

Under Regulation 429 of the Farm Products Marketing Act, the Ontario Sheep Farmers (OSF) is delegated the authority to impose license fees on the sale of wool and the sale, marketing, or slaughtering of sheep in Ontario. The Regulation also provides for recovery by the Agency of any payment defaults or failure to comply with the licensing requirements.

1. The Inspection staff, after investigation, advises the Agency that there is enough evidence to support an allegation of failure to comply with a Regulation, direction, or order of the Agency against a licensed producer, sales agent, or slaughter plant.
2. The Agency directs that a hearing will be held under the provisions of Regulation 429, Section 6.
3. An appearance notice in conformance with Sections 6 and 8 of the Statutory Powers Procedure Act (SPPA) is prepared, specifying day, date, time, and location of the hearing and is hand-delivered to the subject (personally or to the person in charge).
4. Service of the appearance notice will take place a reasonable time prior to the date set for the hearing, in order to avoid requests for remands, as much as possible.
5. Any witnesses whose testimony at the hearing is necessary (other than Agency staff) will be provided with a hand-delivered summons, using Form 1 under the SPPA. The summons may require documents relevant to the subject of the hearing.
6. A hearing panel will be composed of the full OSF Board.
7. On the hearing date, the Chair convenes the hearing at the scheduled time by stating: "This hearing, under the provisions of the Farm Products Marketing Act, is now convened." The Chair will introduce himself/herself and the members of the hearing panel to the subject and/or their counsel or agent.
8. The Chair asks the members of the hearing panel if they have any conflict of interest in the matter to declare. If there is, the Director should be excused for the duration of this hearing.
9. The Chair reads the substance of the allegation (already stated in the appearance notice) to the subject.
10. The Chair invites the first witness to testify and will direct him/her to the witness chair. If members of the public are present at the hearing, the Chair will require from the witness or the subject if they anticipate that intimate financial or personal matters are likely to be disclosed. If so, the members of the public will be excluded from the hearing. The Chair states: "In the interest of the person affected, the evidence in this portion of the hearing will be given in camera." Members of the public will leave the hearing room but may return after the evidence has been completed. (This procedure takes place with each witness).
11. The Chair invites the first witness to testify. Informs him/her that he/she can either swear on The Bible or attest that his/her evidence is true. If the witness signifies, he/she will swear, the Chair says, "Do you swear that the evidence you give in this matter will be the truth, the whole truth, and nothing but the truth, so help you God?" The witness must reply in the affirmative. If the witness indicates that he/she does not want to swear on the bible, the Chair asks him/her to affirm his/her

testimony, “Do you affirm that the evidence you give in this matter will be the truth?” The witness must reply in the affirmative. If the witness declines to do either, the Chair informs the hearing that the evidence will be heard but that they must give weight to the fact that the witness did not swear or affirm when considering their finding in the matter.

12. The Chair asks the witness to proceed with his/her testimony. The Chair may ask questions at any time of any witness but only to clear up a point that he/she does not understand. Cross-examination is not permitted by the Chair.
13. The Chair instructs the witness that he/she has the right to object to answer a question under Section 5 of the Canada Evidence Act. However, this protection is only if the witness’s answer may tend to establish his/her liability to civil proceedings. The Chair also instructs the witness that no answer given by him/her shall be used or be receivable in evidence against him/her at any trial or other proceedings which take place after the hearing, other than a prosecution for perjury in giving evidence at the hearing.
14. When the witness has completed his/her testimony, the Chair invites the subject to cross-examine the witness only to the extent reasonably required for a full and fair disclosure of the facts connected with the witness’s testimony. Badgering the witness, reflection on his/her character, or making statements that the questioner could give in evidence is not permitted. The Chair will advise the subject that he/she is entitled to be advised by his/her council or agent as to his/her rights.
15. When cross-examination is complete, the Chair may ask further questions of the witness but only to clear up matters of fact which may not have been fully or fairly disclosed by the witness whether in direct testimony or cross-examination. The Chair then asks the witness to leave the witness chair. If the witness is other than Agency staff, he/she may wish to be excused. The Chair inquires of subject and Agency staff if the witness may be required later in the hearing (to reply to any further evidence which may be given by other witnesses.) If not, the witness may be excused from the hearing.
16. Once all the witnesses have been called (subject last), the Chair declares the hearing concluded, and all but the hearing panel and the recording secretary are excused and leave the premises.
17. The hearing panel then deliberates first on

The province is divided geographically into eleven (11) electoral districts. Each district elects a Provincial Director to represent them on the Board for a three-year term. Each district also elects a District Chairman, District Secretary and District Directors to administer the activities within the district.

Board members annually elect a Chair and Vice-Chair from amongst themselves. Board members attend at least eight board meetings per year. In addition to Board meetings, Directors sit on various internal and industry committees.

When a Provincial Director is being appointed by the District Executive, it is the responsibility of the District Secretary to advise the Board Secretary of the appointment. Written confirmation from the District Secretary is always required.
4. When a change of Provincial Director has occurred, the Board Secretary will advise the Chair and all other current Directors of the change.

5. The Executive Director will provide new Directors with an OSF Governance Manual, minutes of the previous three Board meetings, and any other information deemed to be useful or requested by the new Director as soon as possible.

If the alleged harasser is not an employee, the investigator should make reasonable efforts to interview the alleged harasser.

4.23 Operating Reserve Policy

The purpose of the Operating Reserves Policy for the Ontario Sheep Farmers (OSF) is to ensure that stability of the mission, programs, employment, and ongoing operations of the organization. The Operating Reserve is intended to provide an internal source of funds for situations such as a sudden increase in expenses, one-time unbudgeted expenses, unanticipated loss in funding, or uninsured losses. The Reserve may also be used for one-time, nonrecurring expenses that will build long-term capacity, such as staff development, research and development, or investment in infrastructure. Any funds accessed from the Operating Reserve will require a motion of the Board.

Operating Reserves are not intended to replace a permanent loss of funds or eliminate an ongoing budget gap. It is the intention of OSF for Operating Reserves to be used and replenished within a reasonable short period of time. The Operating Reserve Policy will be implemented in concert with the other OSF governance and financial policies and is intended to support the goals and strategies contained in these related policies and in strategic and operational plans.

1. The Operating Reserve is defined as the designated fund set aside by action of the OSF Board of Directors.
2. The target minimum Operating Reserve is equal to six months of the operating cost of the current year budget. The calculation of operating costs includes all recurring, predictable expenses such as salaries and benefits, occupancy (rent/lease), office, travel, program and ongoing professional services. Depreciation, in-kind, and other non-cash expenses are not included in the calculation.
3. The amount of the Operating Reserve target minimum will be reviewed each year after approval of the annual budget, reported to the Finance Committee/Board of Directors, and included in the regular financial reports. For the year ending August 31, 2024, the number is calculated to be \$531,202.
4. The amount of the Operating Reserve target maximum will be reviewed each year after approval of the annual budget, reported to the Finance Committee/Board of Directors, and included in the regular financial reports. The maximum operating reserve is \$545,000.
5. The Operating Reserve will be recorded in the financial records as the Operating Reserve.
6. The Operating Reserve will be funded and available in cash or cash equivalent funds. Operating Reserves will be maintained in a segregated investment fund, in accordance with investment policies.
7. The Board of Directors may from time to time direct that a specific source of revenue be set aside for Operating Reserves. Examples may include one-time payment, special grants, or profit-generating events.
8. The Executive Director and staff will identify the need for accessing the Operating Reserve and confirm that their use is consistent with the purpose of the reserves as described in this Policy. This step requires analysis of the reason for the shortfall, the availability of any other sources of funds before using reserves, and evaluation of the time period that the funds will be required and replenished. Any funds accessed from the Operating Reserve will require a motion of the Board.

4.24 OSF Director Disciplinary Policy

Boards will support each Director in providing leadership to the organization. When individual Directors do not meet the shared behaviour standards of the Board, as stated in the Board's Code of Ethics and Personal Conduct Policy, the following steps will be taken:

1. On a first incident of non-performance, the Chair and Vice-Chair will speak to the Director and forward a written letter, stating the performance issue in terms of observable behaviour and stating the expected corrective action on the part of the Director. This letter will be copied to the confidential files of the Chair of the organization but not copied to the Board. Should the Chair and/or Vice Chair be unavailable, the Board may appoint alternative Directors in their place.
2. On a second incident of non-performance, the Chair and Vice-Chair will speak a second time with the Director and forward a second written letter, again stating the performance issue in terms of observable behaviour and repeating the expected corrective action on the part of the Director. This letter will be copied both to the confidential files of the organization and to the Board on a confidential basis. No discussion at the Board will take place in this second step.
3. On a third or subsequent incident of non-performance or when a Director refuses to comply with the shared behaviour standards of the Board, the Chair and Vice-Chair may:
 - 1) Ask the Director to resign from the Board or
 - 2) Following OSF By-Law 1, the Board may remove a Director.

Examples of non-performance include, but are not restricted to:

1. Absenteeism of the Director from Board meetings on a continuing basis for reasons other than force majeure, such as illness.
2. Abusive verbal or non-verbal behaviour addressed to Board or staff members.
3. Failure to support the implementation of motions that have been carried by most of the Board of Directors.

Non-performance does not include illegal or criminal activity, which is dealt with immediately and without exception by the Chair and Vice-Chair through the intervention of police authorities.

4.26 Social Media Policy

Social media outlets are powerful communication tools that have a significant impact on organizational and professional reputations. Given that they blur the lines between personal voice and institutional voice, OSF has crafted the following policy to help clarify how best to enhance and protect personal and professional reputations while actively participating in social media.

An elected official's responsibility to Ontario Sheep Farmers (OSF) does not end when they leave the board room or walk out of a meeting. For this reason, this policy applies to both organizations generated social media and personal use of social media as it relates to OSF's business and the Ontario sheep industry.

OSF directors and employees who maintain social media pages are expected to comply with the guidelines set out within the policy.

Purpose of the policy

- To provide guidelines on the use of social media by OSF and its representatives (elected officials) through their personal accounts.
- To encourage the safe, creative, and effective use of social media by OSF directors and employees.

Social media definition

- Online, electronic, or internet media, tools, communities, and spaces for social interaction, sharing user generated content, or public or semi-public communication.
- Social media typically uses web-based technologies to turn communication into interactive dialogues.
- Social media can take many different forms, including internet forums, blogs and microblogs, online profiles, wikis, podcasts, pictures and video, email, text, instant messaging, music-sharing, and chat.
- Examples of social media include, but are not limited to:
 - LinkedIn
 - Facebook and Facebook Messenger
 - Instagram
 - Wikipedia
 - YouTube
 - Twitter
 - Pinterest
 - Blogs
 - Podcast(s)
 - Chat

This policy applies to OSF elected officials' participation in social media at any time that they give the appearance of speaking on behalf of OSF or its affiliates, identify themselves as OSF elected officials, or as affiliated with OSF, or discuss OSF or its affiliates.

Codes of Conduct

- Be impartial and professional
- Behave with respect and courtesy, and without harassment
- Deal appropriately with information, recognizing that some information needs to remain confidential
- Take reasonable steps to avoid conflicts of interest
- Uphold OSF values and the integrity and good reputation of the OSF

Guidelines

- 1) Familiarize yourself with OSF's code of conduct and confidentiality agreements. These agreements also apply to content that is posted on a social media platform – corporate and personal accounts.
- 2) Post meaningful, respectful comments and content. Retweeting, sharing, or reposting content is acceptable if credit is given to the original issuer of the content. If you want to use content, ask the original issuer's permission first, and then give credit to where the content came from.
- 3) Do not publish, post, or release information that is considered confidential by OSF.
- 4) Disclose your affiliation. When discussing OSF, its business (projects, programs etc.), or the Ontario sheep industry, you must identify yourself and your affiliation with OSF.
- 5) When commenting on OSF, its business or the Ontario sheep industry, unless authorized to speak on behalf of OSF, you must state that the views expressed are your own.
- 6) Examples of a disclaimer:
 - The postings on this site are independent and do not necessarily represent the position, strategy, or opinions of Ontario Sheep Farmers.
 - Tweets are my own.
- 7) OSF will not tolerate discrimination (including age, sex, race, colour, creed, religion, ethnicity, sexual orientation, gender identity, national origin, citizenship, disability or marital status or any other legally recognized protected basis under federal, provincial, or local laws, regulations, or ordinances). Posts, including comments, which contain vulgar or inflammatory language will not be tolerated. The person posting the information may be asked to remove said posts by a member of the OSF leadership team, when deemed necessary.
- 8) You are responsible for the content you publish, both internally and externally. Remember that what you publish is widely accessible and will be around for a long time.
- 9) Be aware that others will associate you with OSF when you identify yourself as such. Ensure your social media profiles (Facebook, Twitter, Instagram) and other external facing profiles and related content is consistent with how you wish to present yourself to clients, members, and stakeholders of OSF's.

Questions that arise about OSF or its business should be directed to the OSF Chair and Executive Director for follow-up.

Last revised and authorized by the Board: July 2022

4.27 Government Relations Policy

Given OSF's mandate and the need to comply with applicable lobbyist registration laws, it is critically important that employee and board member's personal views are never presented as being those of OSF, regardless of where or how those views are expressed (such as in writings, speeches or via social media postings of any kind).

Involvement by OSF employees and board members in political activities outside of OSF, such as but not exclusive to affiliations with political parties, advocacy groups or associations, is acceptable provided such activities do not:

- Involve the use or disclosure of Confidential Information;
- Place demands contrary to OSF policy;
- Call into question their capacity to perform their duties at OSF; or,
- Create a conflict of interest with OSF, or otherwise contravene any OSF policy or employment obligations owed to OSF.

OSF employees must inform the Executive Director in advance of engaging in any public outside political activities (such as but not exclusive to: authoring political writings, public speeches or running for political office), so that the matter can be discussed and parameters established. Employees may be required to refrain from that public political activity if that activity is (or could reasonably be perceived to be) detrimental to OSF and its activities.

The Executive Director must inform the Executive in advance of any of the Executive Director's public outside political activities, so that the matter can be discussed, and parameters established. The Executive Director may be required to refrain from that public political activity if that activity is (or could reasonably be perceived to be) detrimental to OSF and its activities.

Potential change to bylaws ("outside activities"):

- Involvement by directors, officers or employees in outside employment and other activities shall be permitted provided such activities do not place demands inconsistent with their OSF duties, call into question their capacity to perform those duties, or contravene any employment contract with OSF.

Last revised and authorized by the Board: February 20, 2020

4.28 Accessibility Policy

This policy is intended to meet the requirements of *Accessibility Standards for Customer Service, Ontario Regulation 429/07* under the *Accessibility for Ontarians with Disabilities Act, 2005*, and applies to the provision of goods and services to the public or other third parties, not to the goods themselves. All goods and services provided by Ontario Sheep Farmers (OSF) shall follow the principles of dignity, independence, integration and equal opportunity.

Scope

This policy applies to the provision of goods and services at premises owned and operated by OSF.

This policy applies to employees, volunteers, agents and/or contractors who deal with the public or other third parties that act on behalf of OSF, including when the provision of goods and services occurs off the premises of OSF.

The section of this policy that addresses the use of guide dogs, service animals and service dogs only apply to the provision of goods and services that take place at premises owned and operated by OSF.

This policy shall also apply to all persons who participate in the development of OSF's policies, practices and procedures governing the provision of goods and services to members of the public or third parties.

Definitions

Assistive Device – is a technical aid, communication device or other instrument that is used to maintain or improve the functional abilities of people with disabilities. Personal assistive devices are typically devices that stakeholders/visitors bring with them such as a wheelchair, walker or a personal oxygen tank that might assist in hearing, seeing, communicating, moving, breathing, remembering and/or reading.

Disability – the term disability as defined by the *Accessibility for Ontarians with Disabilities Act, 2005*, and the *Ontario Human Rights Code*, refers to any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes:

- diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device
- a condition of mental impairment or a developmental disability
- a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language
- a mental disorder, or an injury or disability for which benefits were claimed or received under the insurance plan established under the *Workplace Safety and Insurance Act, 1997*.

Guide Dog – is a highly-trained working dog that has been trained at one of the facilities listed in *Ontario Regulation 58* under the *Blind Persons' Rights Act*, to provide mobility, safety and increased independence for people who are blind.

Service Animal – as reflected in *Ontario Regulation 429/07*, an animal is a service animal for a person with a disability if:

- it is readily apparent that the animal is used by the person for reasons relating to his or her disability, or
- if the person provides a letter from a physician or nurse confirming that the person requires the animal for reasons relating to the disability.

Service Dog – as reflected in *Health Protection and Promotion Act, Ontario Regulation 562* a dog, other than a guide dog for the blind, is a service dog if:

- it is readily apparent to an average person that the dog functions as a service dog for a person with a medical disability, or
- the person who requires the dog can provide on request a letter from a physician or nurse confirming that the person requires a service dog.

Support Person – as reflected in *Ontario Regulation 429/07*, a support person means, in relation to a person with a disability, another person who accompanies him or her to help with communication, mobility, personal care, medical needs or access to goods and services.

General Principles

In accordance with the *Accessibility Standards for Customer Service, Ontario Regulation 429/07*, this policy addresses the following:

- The Provision of Goods and Services to Persons with Disabilities
- The Use of Assistive Devices
- The Use of Guide Dogs and Service Animals
- The Use of Support Persons
- Notice of Service Disruptions
- Stakeholder/visitor Feedback
- Training
- Notice of Availability and Format of Required Documents
- Communications

The Provision of Goods and Services to Persons with Disabilities

OSF will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all stakeholders/visitors receive the same value and quality
- allowing stakeholders/visitors with disabilities to do things in their own ways, at their own pace, when accessing goods and services as long as this does not present a safety risk
- using alternative methods, when possible, to ensure that stakeholders/visitors with disabilities have access to the same services, in the same place, and in a similar manner
- taking into account individual needs when providing goods and services
- communicating in a manner that takes into account the stakeholder's/visitor's disability

The Use of Assistive Devices

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by OSF.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the stakeholder/visitor.

The Use of Guide Dogs and Service Animals

- A stakeholder/visitor with a disability that is accompanied by guide dog, service animal or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law. “No pet” policies do not apply to guide dogs, service animals and/or service dogs.
- A stakeholder/visitor with a disability that is accompanied by guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law.
 - Other types of service animals are not permitted into food service areas due to the *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*.
- If a guide dog, service animal or service dog is excluded by law (see applicable laws below) OSF will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).
 - *Dog Owners' Liability Act, Ontario*: If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

Recognizing a Guide Dog, Service Dog and/or Service Animal: If it is not readily apparent that the animal is being used by the stakeholder/visitor for reasons relating to his or her disability, OSF may request verification from the stakeholder/visitor. Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability
- a valid identification card signed by the Attorney General of Canada; or
- a certificate of training from a recognized guide dog or service animal training school.

Care and Control of the Animal: The stakeholder/visitor that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all times.

Allergies: If a health and safety concern presents itself (if, for example, in the form of a severe allergy to the animal) OSF will make all reasonable efforts to meet the needs of all individuals.

The Use of Support Persons

If a person with a disability is accompanied by a support person, OSF will ensure that both persons are allowed to enter the premises together and that the person with a disability is not prevented from having access to the support person.

- There may be times where seating and availability prevent the stakeholder/visitor and support person from sitting beside each other. In these situations, OSF makes every reasonable attempt to resolve the issue.
- In situations where confidential information might be discussed, consent will be obtained from the stakeholder/visitor, prior to any conversation where confidential information might be discussed.
- If payment is required by a support person for admission to the premises OSF will ensure that notice is given in advance by posting notice of admission fees for support persons where OSF fees are posted.

In the event of any temporary disruptions to facilities or services that stakeholder's/visitor's with disabilities rely on to access or use OSF's goods or services, reasonable efforts will be made to provide

4.32 Whistleblower Policy

Intent

OSF strives to uphold the highest ethical standards in its operations and activities, and to ensure that all decisions affecting stakeholders are undertaken with integrity and care. OSF is therefore committed to providing a work environment based on a spirit of openness, honesty, and accountability, in which concerns regarding wrongdoing can be brought forward without fear of retribution or retaliation.

The Whistleblower Policy applies to all people working for and with OSF including, students, temporary contract workers (collectively referred to as “employees”), and board members.

Wrongdoing

For the purposes of this Policy, “wrongdoing” means any illegal, unlawful, or unethical conduct which has occurred or is occurring. Examples of wrongdoing include, but are not limited to:

- An actual or suspected violation or contravention of any federal or provincial statute or regulation;
- Conduct or practices that present a danger to the health, safety or well-being of OSF employees, volunteers, Directors or third parties, where applicable;
- Unprofessional conduct or conduct that falls below recognized, established standards of practice;
- Improper, harmful or fraudulent business practices;
- Misuse of funds, supplies or other assets;
- Abuse of power or authority for any unauthorized or ulterior purpose; and
- Breach of or failure to implement or comply with any other OSF policies (e.g. Discrimination and Harassment).

Whistleblower

For the purposes of this Policy, “whistleblower” means any employee of OSF or any other person covered under this Policy who alleges wrongdoing against another person or persons.

Reporting Guideline

Under s. 425.1 of the Criminal Code (R.S.C., 1985, c. C-46), employees reserve the right to report wrongdoings to law enforcement which they believe have been or are being committed by their employer or an officer or employee of their employer. Employers may not take a disciplinary measure against, demote, terminate or otherwise adversely affect the employment of an employee who has reported wrongdoing, or threaten to do so.

Employees are required to exhaust internal whistleblowing mechanisms before reporting any suspected wrongdoing to law enforcement. Employees are therefore encouraged to submit an internal report under this Policy before reporting any suspected wrongdoing to law enforcement.

A report of wrongdoing may be made to the Executive Director or the Chair. OSF will consider anonymous reports. However, in such cases, it may be limited in its ability to conduct a thorough investigation and/or to provide follow-up.

An individual who is concerned that a wrongdoing has taken place, or is ongoing, is encouraged to report their concern at the earliest opportunity, to increase the opportunity for an accurate and timely inquiry into the matter.

Individuals must ensure that any report submitted is grounded in fact rather than speculation, is based on good faith, and contains sufficient detail to allow for further investigation.

A concern may be raised verbally, but individuals are encouraged to submit a report in writing to provide a clear understanding of the allegation and the facts and concerns on which the report is based.

THE INDIVIDUAL(S) TO WHOM THE CONCERN WAS REPORTED WILL IN DUE COURSE PROVIDE A RESPONSE TO THE PERSON(S) WHO IDENTIFIED THE CONCERN.

Confidentiality

The name of the whistleblower shall be treated as confidential to the fullest extent possible, although there may be circumstances in which it becomes necessary to identify him or her, for example in order to adequately investigate the allegation(s), enlist external resources such as legal counsel, or contact law enforcement.

Therefore, every effort will be made to maintain anonymity, but it cannot be guaranteed.

If an investigation is necessary, it will be conducted with discretion, taking into account the sensitivity of the circumstances. The individual who made the original report may or may not be contacted for follow-up information. Other individuals within the organization who are interviewed will be required to keep the nature of the inquiry confidential.

Any individual named in a report shall be advised of the alleged wrongdoing and given the opportunity to respond to the issues raised.

Non-Retaliation

An individual who makes a good faith report of wrongdoing in accordance with this Policy will be free from all types of retaliation, adverse employment consequences or harassment.

“Retaliation” means any of the following measures taken against a whistleblower because the whistleblower has, in good faith, made a report of wrongdoing and/or cooperated in an investigation into a report commenced under this Policy:

- A disciplinary action taken against the whistleblower;
- The demotion of the whistleblower;
- The termination of the whistleblower’s employment;
- Any measure that adversely affects the employment or working conditions of the whistleblower; or
- A threat to take any of these measures.

Any act of retaliation against a whistleblower will be treated by OSF as a serious violation of this Policy and will result in disciplinary action. Notwithstanding any provision of this Policy, an individual who knowingly makes a false allegation, or who submits a report in bad faith or with malice, shall not benefit from the protections granted herein.

4.33 Document Retention Policy

Intent

The overall purpose and objective of a record retention system is to ensure that all OSF records are managed in conformance with acceptable Information and Document Management practices. A record retention system includes the identification, classification and retrieval, storage and protection, receipt and transmission, retention, and disposal or archival preservation of the recorded information. Ideally, a record retention system will ensure records are maintained throughout their life cycle according to accepted standards; are available for decision-making; are protected from unauthorized loss and/or release; and are either stored for long-term or historical purposes or disposed of only when all of OSF's legal and operational obligations have been met.

Record Storage

OSF maintains various records in both electronic and hard copy. All hard copy records are subject to the retention dates outlined below. Electronic records will be retained for a period of time no less than the retention dates outlined below but may be kept for an extended period of time based on the availability of server space.

Record Location

Records required in the short-term are kept at the OSF office and long-term files are kept off-site. These records include project and program specific files for closed programs, accounting records for past years, and employee and director human resource records for past years. Files are organized in boxes, and are sorted by their destruction date, as detailed in the retention dates section below. Human resource records are kept in a secure cabinet. Files are shredded on an annual basis based on their destruction date.

Electronic Records

Record Naming Conventions

Employees shall name all electronic documents using the following naming convention:

- Document Name Year Month (e.g. Document Retention Policy_2021_June.doc)
 - If it is a working document then add the revision version after the month or final if it has been finalized (e.g. Document Retention Policy_2021_June_rev2 or Document Retention Policy 2021_June_Final)

Record Saving and Storage

- Employees shall save all OSF related documents on the secure OSF dropbox
- Employees shall avoid saving OSF documents on individual computer hard drives.
- Employees shall refrain from downloading or saving OSF documents on personal computers. In rare circumstances where this is warranted, OSF documents shall be deleted from one's personal computer immediately after use of that document is no longer necessary.
- For security reasons it is strongly recommended when you need to work on a document outside of the OSF Team dropbox folder (OSMA Documents) that you do so in a personal folder you create within the main dropbox folder (Dropbox (ON Sheep Mktg Agcy) as that would be accessible only to yourself.

Privacy and Confidentiality

Due to the nature of OSF's work, private and confidential information is regularly collected and retained. This information includes employee and director personal information. OSF respects the privacy and confidentiality of all its stakeholders' personal information and has detailed policies which cover the acceptable use of information, including its privacy policy, employee code of conduct, and information systems policy. In addition, OSF has the following processes in place to protect confidential information:

Records maintained on site:

- All file cabinets are locked at the end of every work day
- Sensitive employee and director human resource information is kept in a secure, locked cabinet. Access is restricted to the Executive Director and the applicable employee

Electronic records:

- Electronic records are kept on OSF secure dropbox. Access is restricted to OSF employees
- Access to electronic records which contain sensitive employee and director human resource information is restricted to the Executive Director. Electronic folders should be password protected and/or stored outside of the OSF Team folder.
- From time to time, 3rd party service providers are given access to OSF's electronic systems for the purpose of maintaining/upgrading the technology. All 3rd party service providers are required to sign a declaration of confidentiality.

The following retention dates have been developed based on the nature of the records being retained, and provincial and/or federal requirements.

4.34 OSF License Fee Collection Policy

The Bookkeeper is responsible for the timely preparation of license fee invoices, as well as the collection of license fees owed by producers or other marketers, auction markets, and processors.

The authority to impose license fees on the sale, marketing, or slaughtering of sheep in Ontario is given to the Ontario Sheep Marketing Agency (OSF) in R.R.O. 1990, Regulation 429 sheep marketing.

OSF General Regulations establish the license fees owed for the sale, marketing, or slaughter of sheep in Ontario. It is currently set at \$2.20 per head, plus the current rate of HST (13%).

Recipients of sheep/lambs are required by OSF Regulation 1, to remit information and license fees, on behalf of the seller, for the “farm-gate” sale of any of their sheep within 30 days of a sale. A remittance form is published in every issue of the Ontario Sheep News magazine which is sent to all Ontario producers as well the form can be found at www.ontariosheep.org

Auction Markets are sent blank monthly license fee reports and are required by OSF Regulation 1 to complete the information on the number of sheep sold in the stated month, and then to return the report to OSF, also remitting the appropriate license fees & HST owed less the Fee For Service (FFS) of 3%. They are to do this within 30 days of the month following the month being reported upon.

License fee reports sent to abattoirs are to be completed and returned with any owed fees & HST less the fee for Service of 2.5% within 30 days of the date of issue. Fees are assessed for all slaughters. Exemptions of fees are granted if the abattoirs purchase sheep for themselves from an Ontario stockyard and it is indicated on the report/invoice form. OSF may request a copy of the auction market invoices to perform an audit of the exemption reporting from the abattoir. A further exemption of fees is granted if carcasses are condemned after slaughter no matter where the sheep were obtained.

Dealers are self reporting and are to submit their reports with any owed fees + HST either monthly or quarterly. They are to include with their remittance a report for the number of head they have collected fees on for each plant or individual person they work with for each month.

The OSF current procedure for handling outstanding receivables is as follows:

1. OMAFA and CFIA supply OSF with statistics from all sheep-slaughtering abattoirs in the month following slaughters. Invoices, which are also known as license fee reports, are sent out for the number of fees owed in that prior month for those on monthly billing, and the prior months for those on quarterly, semi-annual and annual billing. Invoices (reports) are to be returned with payment within 30 days of date of issue.
2. If payment is received within the stated time, a prompt payment discount (PPD) is granted to both abattoirs and auction markets. This is meant to reward quick compliance. The PPD is \$5.00 for abattoirs and .5% on licence fees collected for auction markets. Discounts cannot be carried forward and are only granted to up-to-date accounts.
3. If no payment is received by 30 days after issue, the prompt payment discount will not be granted.

4. The imposition of finance charges (interest on past due amounts) is meant to encourage the timely compliance of remitting fees owed. The rate of interest imposed is 2% per month (compounded monthly), assessed on unpaid balances owed after 60 days from date of issue.
5. Any funds received from an account holder in arrears shall be applied first against the oldest outstanding invoices on that account unless alternate payment arrangements have been agreed upon by OSF.
6. After the Due Date, if another, subsequent invoice is sent out, a statement is attached that requests payment be remitted for the prior invoice.
7. After 60 days past the date of issue, a 2% finance charge will be assessed monthly on the unpaid invoices. A statement will be sent out outlining the outstanding invoices and interest charges.
8. After 90 days past the date of issue, a phone call is made and an email sent to remind them of the unpaid balance and that they must remit payment. A statement is included listing the outstanding invoices and interest applied. The overdue accounts are now put in an accounts receivable report that is shared with the finance committee and the board.
9. After 120 days a phone call is made and an email sent to remind them of the unpaid balance and that they must remit payment. A statement is included listing the outstanding invoices and interest applied.
10. If at this point if the account is still in arrears the compliance officer will follow up with a phone call to the plant and may perform a site visit.
11. If the abattoir disagrees with the number of licence fees being charged and have auction market purchases to be applied, they can provide OSF with copies of their invoices to be audited and applied to their outstanding balance. If they do not provide their auction market invoices the compliance officer may perform an audit at their plant to review their exemptions to be applied.
12. A more serious action is the convening of a Board hearing, which will determine non-compliance. Upon a finding of guilt, the client may be assessed fines and may have its sheep slaughter license suspended. Refer to the Procedure for Holding a Hearing Policy for details on how this action will take place. The results of Board hearings are reported in the Ontario Sheep News magazine.
13. If after a Board hearing has taken place and a decision rendered by the Board, the non-compliant party wants to challenge a decision, they may appeal for an Agriculture, Food, and Rural Affairs tribunal hearing.
14. Any imposed fines collected shall be used as operating revenue of the Agency unless otherwise directed by the Board.
15. The issuer will be charged the bank fees of any cheque returned by the bank for any reason.
